Internship Requirements
(For-Credit Internships)

An internship is a form of experiential learning that integrates knowledge and theory learned in the classroom with practical application and skills development in a professional setting. Internships give students the opportunity to gain valuable applied experience and make connections in professional fields they are considering for career paths; and give employers the opportunity to guide and evaluate talent. (National Association of Colleges and Employers, June 2012)

Centre College Internship Requirements (if receiving academic credit):

- The student must be a junior or senior and have at least 54 credit hours by the start date of the internship. Exceptions may be approved by the Associate Dean in rare circumstances.
- To earn course credit for INT 400, the student must work a minimum number of hours:

- The internship is graded on a credit/no-credit basis. The credit may not be applied toward any major or minor requirements, but may be applied to the total number of credits needed for graduation. The grade will not factor into a student’s GPA.
- The final grade will be based on the completion of all required internship hours, the academic components, and any paperwork required by Career Services (timecards, evaluations, etc.), as well as a satisfactory final evaluation completed by the site supervisor.

How to Complete the Internship Contract:

- All sections (including the Statement of Responsibility and Health Insurance form) must be complete before the contract can be approved by the Career Services Representative (Mindy Wilson) or the Associate Dean (Dr. Glazier-McDonald).
- The Internship Title should be descriptive, yet succinct (32 characters or less), as it will be the title of your internship on your transcript.
- The first three signatures must be obtained before Career Services will sign the contract.
- Actual signatures are required on both the contract and Statement of Responsibility. Signatures will be accepted if they have been scanned or faxed. No typed-in or written names will be accepted.
  - Students may use the Career Services fax machine or scanner to obtain signatures if needed.
  - Students who are abroad should speak to the director of the abroad program about access to a fax machine or scanner to obtain signatures. If no fax machine or scanner is available to the student through the program, please use a local Kinko’s or other copy store to obtain signatures. Another option is to use a scanner app on your smart phone—JotNot is a free app for iPhones and Scan to PDF Free is a free app for Android that will create a high-resolution photo that can be saved to your photo albums and emailed directly from your phone.
