

Sexual Misconduct Policy
Away From Campus Resources for Complainants and Respondents
Traveling Abroad

If you experience or are alleged to have committed sexual violence while you are away from the Danville-Boyle County area, **you should immediately contact and seek guidance from a member of Centre Staff or Faculty**. If you are in a program where there is not a Centre faculty member leading the program (such as at Universities in Glasgow, Reading, Yamaguchi, Shanghai, Northern Ireland, Segovia, Regensburg, or Marista), you should immediately contact someone at the international office of your host institution.

After contacting either the Centre faculty person or the responsible person at the host university, you will be assisted in accessing medical care and support services, contacting the nearest U.S. Embassy or Consulate as needed:

- Consular officers are available for emergency assistance 24 hours/day, 7 days/week.
- Contact information for U.S. Embassies and Consulates U.S. can be found at <http://www.usembassy.gov/overseas> or by going to the individual Country specific information pages found at <http://travel.state.gov/content/passports/english/country.html>.
- To contact the Department of State in the U.S. call 1-888-407-4747 (from the U.S. or Canada) or (202) 501-4444 (from overseas).

According to the Department of Justice's **Office for Victims of Crime**,

"...The U.S. Department of State provides advice, guidance, and assistance to its embassies and consulates and, through the Office of Overseas Citizens Services, facilitates the exchange of information between U.S. embassies and consulates and victim service providers.

The overseas representatives of the U.S. Department of State at embassies and consulates apply their resources to provide—

- Immediate assistance, in person or on the telephone.
- Information about the role and services of local law enforcement.
- Practical assistance.
- Coordination of services with local governments and resources.
- Emotional support.
- Assistance for victims of crime who must return to a country to testify.

Keep in mind, however, that consular officers are not solely victim advocates. Therefore, the time and effort they can spend assisting victims of crime from initial victimization to recovery may appear minimal compared with U.S. standards for victim advocates providing victim assistance...”

Locating Medical and Mental Health Care:

Before you go abroad, learn what medical services your health insurance will cover overseas. If your health insurance policy provides coverage outside the United States, REMEMBER to carry both your insurance policy identity card as proof of such insurance and a claim form.

Often by calling the numbers on your insurance card, they can help identify health and mental health counseling resources as well, or if your parents have an EAP benefit, the EAP may also assist you to find resources.

You can find additional information about dealing with medical emergencies and finding medical services from the U.S Department of State at:

<http://travel.state.gov/content/passports/english/go/health.html#emergencies>

Students studying abroad through any Centre program receive EIIA International Travel Insurance Coverage at no additional cost. The categories of coverage provided are accident and sickness (\$100,000 limit); emergency medical evacuation (\$1,000,000 limit); accidental death and dismemberment (\$200,000 limit); medical repatriation (\$1,000,000 limit). For specific questions, please contact the Center for Global Citizenship at 859.238.5285 or leigh.cocanougher@centre.edu.

Please bear in mind that we cannot refer you to a specific doctor or hospital, nor does being on a U.S. Embassy or Consulate list mean that the U.S. Embassy or Consulate or the College recommends that doctor or hospital. We are not responsible or liable for the professional ability or quality of service you may receive from a doctor or a hospital on a list.
